

LRS Federal Project Description

UST Removal

LRS Federal provided on-site support and management for the removal and proper disposal of three 8,000 gallon steel underground storage tanks (UST) for a former bank branch located in Altus, Oklahoma.

Activities performed under this contract include:

- Obtaining all necessary permits and providing notifications required from the Oklahoma Corporation Commission (OCC) and preparing the Site Specific Health & Safety Plan.
- Pumping and disposal of residual liquids from three 8,000 gallon USTs
- Excavation and stockpiling of overburden soils.
- Removal and disposal of three 8,000 gallon USTs. Each tank was removed individually. As one tank was removed the excavation area was backfilled and excavation of the next tank began until all three tanks were removed. Dry ice was placed in each tank to displace oxygen and create inert conditions. Removal activities were performed under the supervision and guidance of an OCC certified UST remover.
- Obtaining confirmatory samples from the stockpiled soil and side walls and bottom floor of the UST excavation area. Sampling activities were performed under the supervision and guidance of an OCC certified UST remover.
- Removal of portion of the product line and capping of the portion remaining in place. The layout of the product line was unknown; therefore, the product line was traced (involved cutting concrete and excavating soil) and determined to extend beneath the former bank branch. All remaining fuel was containerized and the product line capped.
- Restoring work area to existing conditions to match existing grades of the surrounding area. All excavations were backfilled with soil. Rebar was placed above the soil in all excavated areas and concrete was later poured to match existing grades.
- Preparing the Final Closure Report for submittal to the FDIC and OCC. The Final Closure Report was accepted and approved by the FDIC and OCC with no further action required.

LRS Federal Contracting Information

Current Prime Contracts:

- **AFCEE World-wide Environmental Remediation and Construction (WERC09)**
Contract # FA8903-10-D-8551 as a Joint Venture with ARGO Systems LLC (ARGO/LRS JV), contract capabilities include construction, environmental cleanup, Military Munitions Response Program requirements, and fuel systems support
- **Mobile District A-E Construction Engineering Services IDC**
Contract # W91278-13-R-0028 Support of the U.S. Army Medical Command (MEDCOM), DOD, and other Federal Health Systems
- **Mobile District Corps of Engineers Construction Engineering Services**
Contract # W91278-11-D-0039 Full service construction management support to include project management, quality assurance, database management, cost-estimating, and administrative service in support of the U.S. Army Medical Command at Army Medical Treatment Facilities in Continental United States, Alaska, Hawaii, and Puerto Rico
- **Kansas City District Corps of Engineers A-E Hazardous, Toxic, and Radioactive Waste Services**
Contract # W912DQ-12-D-3002 HTRW related architect-engineering support to include remedial investigations, feasibility studies, pre-design investigations, design services, and construction phase services
- **Omaha District Corps of Engineers Environmental Consulting Services**
Contract # W9128F-08-D-0005 Full service environmental consulting support to include environmental planning, compliance, natural and cultural resources, and environmental remediation services
- **Omaha District Corps of Engineers Environmental Remediation Services**
Contract # W9128F-10-D-0047 Full service environmental remediation support to include engineering support, LTO/LTM, data management, energy evaluation, full-service environmental remediation services, and project programming and scheduling support
- **Veterans Affairs Administration–East Region Environmental and Historic Services**
Contract # VA101-F-12-D-0055 as a Joint Venture with Marstell Day LLC (LRS/MD JV), contract is for environmental services and historical services at new and existing VA facilities
- **Department of Homeland Security PACTS**
Contract # HSHQDC-09-D-00040 Comprehensive Technical Services support to the Department of Homeland Security to include all disciplines with the exception of information technology
- **GSA Schedule for Environmental Services**
Contract # GS-10F-0360T Awarded Special Item Numbers (SINs): 899-1, Environmental Planning; 899-2, Environmental Compliance; 899-7, Geographic Information Systems; 899-8, Remediation Services
- **FDIC Basic Ordering Agreement**
Contract # RECVR-08-G-0010 Environmental due diligence, site investigation and remediation support
- **Department of Homeland Security BioWatch**
Contract # HSHQDC-09-C-00049 On-going support to the biological agent air monitoring program in the National Capitol Region
